### The President's Call to Meeting

I would like to invite all people interested in trees and people working in tree care in Connecticut, especially all members of CTPA, to attend the 97th Annual Meeting of the Connecticut Tree Protective Association. This year's meeting marks the Centennial Year of the CT Arborist Law!

Our Keynote Speaker is Kevin Smith from the USDA Forest Service and he will be talking about Tree Infection and Wood Decay Following Storm Injury. This presentation will show the survival strategy trees have evolved for coping with storm injury, including how trees compartmentalize these injuries to avoid the loss of functioning tissue and spread of infection.

Allan Fenner from SavATree will talk about Tree Preservation in a construction zone and what will work and what won't work in that condition. And Glenn Dreyer will speak on Connecticut Notable Trees. Before lunch, there will be a special announcement concerning CTPA and UCONN. And of course updates from the CT DEEP and the CT Agricultural Experiment Station.

During the Business Meeting, the members will elect the CTPA Officers and Directors for 2019.

The nominating committee proposes the following slate of Officers and Directors:

President:	Allan Fenner	
Vice President:	Pat Flynn	
Secretary/Treasurer:	Dr. Claire Rutledge	
Directors:	Chris Donnelly	Bud Neal
	Sean Redding	Michael Almstead
	Charlie Iselin	Emmett Shutts
	Greg Foran	Kevin Wyatt
	Carter Peck	

At the morning business meeting we will again have the opportunity to discuss issues of concern for members. As always, the tradeshow allows access to folks who supply goods and services of all sorts.

Please join us at our 97th Annual Meeting.

All my best, Bud Neal, President, CTPA
