556 Mulberry Street

Plantsville, Connecticut

CT DEEP 3D - 4.0 CEU's

CT Forest Practitioner - 2.0 CEU's

ISA Certified Arborist - Pending

Adv. Certified Tree Wardens - Pending

The President's Call to Meeting

I would like to invite all people interested in trees and people working in tree care in Connecticut, especially all members of CTPA, to attend the 100th Annual Meeting of the Connecticut Tree Protective Association. This year's meeting marks the Centennial Year of the Association!

Our Keynote Speaker is Doug Tallamy, PhD. from the University of Delaware and he will be talking about Nature's Best Hope and The Nature of Oaks. These presentations will discuss how to create landscapes that enhance local ecosystems and how oak trees are superior trees because of their many ecological and aesthetic attributes.

The first talk will be a panel of speakers that will highlight key points in the first 100 years of the CTPA and the arboriculture industry and how the CTPA has evolved through the years to present day. The day will include the annual awards ceremony as well as updates from the CT DEEP and the CT Agricultural Experiment Station.

During the Business Meeting, the members will elect the CTPA Officers and Directors for 2022. The nominating committee proposes the following slate of Officers and Directors:

President:	Patrick Flynn
Vice President:	Dr. Claire Rutledge
Secretary/Treasurer:	Michael Almstead
Directors:	Chris Donnelly Bud Neal
	Charlie Iselin Allan Fenner
	Sean Redding Emmett Shutts
	Greg Foran Kevin Wyatt
	Carter Peck

At the morning business meeting we will again have the opportunity to discuss issues of concern for members. As always, the tradeshow allows attendees to network with folks who supply goods and services of all sorts.

Please join us at our 100th Annual Meeting.

All my best, Patrick Flynn, President, CTPA

The Connecticut Tree Protective Association's 100th Annual Meeting Aqua Turf Club, Plantsville, CT

Featuring: Doug Tallamy, PhD., The University of Delaware, *Nature's Best Hope and The Nature of Oaks*. Chris Donnelly, Kirby Stafford, PhD, The CT Agricultural Experiment Station and Emmett Shutts, Davey Tree Experts, *The Connecticut Tree Protective Association - A Look at the Last 100 Years!*

The Program

Morning

- 8:00 Registration and Coffee
- 8:20 President's Welcome by Patrick Flynn
- 8:30 Business Session
 - Election of Officers
 - Treasurer's Report
 - Committee Reports
 - Discussion of Issues
- 9:00 *The CTPA - 100 Years Old and Just Beginning*. This talk will look back at how CTPA was founded and what has guided it for the past 100 years, as well as encourage a look forward towards the future.
 - by Chris Donnelly,
Kirby Stafford, PhD., CAES
Emmett Shutts, Davey Tree Experts
- 10:15 Meet the Exhibitors
- 10:30 *Nature's Best Hope*
Mr. Tallamy will show us how current landscape designs have been fully effective at sustaining the plants and animals in the landscape. He will talk about how to create landscapes that enhance local ecosystems rather than degrade them and the positive impact it will have to the natural world.
 - by Doug Tallamy, PhD.
University of Delaware
Department of Entomology and Wildlife Ecology
- 11:30 Awards Presentation
- 11:45 Lunch

Afternoon

- 1:45 *Updates*
Diane Jorsey, DEEP Pesticides
Dr. Jason C. White, CAES
- 2:15 *The Nature of Oaks*
Oak trees are superior landscape trees throughout most of the US because of their many ecological and aesthetic attributes. In this talk Mr. Tallamy will compare oak species to other popular shade trees in terms of their ability to support animal diversity, protect watersheds, and sequester carbon dioxide.
