DOT Compliance Seminar

The Connecticut Department of Motor Vehicles (DMV) Commercial Vehicle Safety Division (CVSD) will be hosting monthly 3-hour seminars at Tunxis Community College to educate motor carriers about the numerous State and Federal laws/regulations that may affect motor carriers. These seminars are free for all Connecticut motor carriers.

<u>DO YOU HAVE ANY OF THESE QUESTIONS?</u>	<u>NEW ENTRANT SAFETY AUDITS</u>
<ol style="list-style-type: none"> 1) Are you worried about being inspected roadside and/or unsure if you are compliant with the regulations? 2) Did you have a roadside inspection and learned you were not compliant with the regulations? 3) Do you know what regulations you are subject to? 4) Do you know the difference between Intra and Interstate DOT numbers? 5) Do you need a CDL? 6) Do you need a Drug and Alcohol Program? 	<p>Were you contacted for a New Entrant Safety Audit?</p> <p>This seminar will help provide your company with the information required to pass the FMCSA New Entrant Safety Audit.</p> <p>Inspectors will be available to answer questions and explain the requirements in person.</p>

If you are not in compliance; or were recommended to attend this seminar by: the court Prosecutor, DMV, CVSD, a law enforcement officer, or FMCSA; or have an upcoming New Entrant Safety Audit; or you have received conflicting information from others, then this class can help you find the correct answers.

Our mission at the DMV is to reduce the number and severity of commercial vehicle crashes on Connecticut roadways. We know most motor carriers/business owners share that mission, want to operate safely, and be compliant with the State and Federal laws/regulations. Many motor carriers have questions and experience difficulty understanding some sections of the State and Federal laws/regulations. This class will provide answers to your questions, and provide guidance to help each and every one of us achieve our mission.
