

Dear Exhibitor:

Please join us for the 93rd Annual Meeting of the Connecticut Tree Protective Association. This meeting will be held at the Aqua Turf Club in Plantsville, CT. We have used this location for several years now, for good reason. The Aqua Turf is a top-notch facility, where the folks are great at helping us put on an excellent trade show and a superb meeting.

Over the past five years, the CTPA has averaged close to 800 people at each of its Annual Meetings. Industry leaders in tree care from throughout Connecticut and the surrounding states will be at this meeting. The list includes licensed arborists, scientists, tree wardens and more - people who care deeply about tree care and who set the pace in the industry.

Space in the Exhibit Area may sell out ~ it comes close every year! Please register early and be sure to make your preferences known.

The CTPA Annual Meeting is a buying show, so please feel free to bring items to sell. Join us for a profitable day filled with great food, great conversation and hundreds of tree care professionals.

Plantsville, Connecticut

THE ASSOCIATION

The Connecticut Tree Protective Association has a long and proud history of providing arboricultural education to tree care professionals in Connecticut. With over 800 members, CTPA is a leader in ensuring that the profession is progressive, innovative, practical and up-to-date.

THE MEETING

The Annual Meeting of the Connecticut Tree Protective Association is among the largest one-day gatherings of tree care professionals in the world. It is a place for exchanging ideas, for sharing information and for demonstrating the latest in equipment, materials and techniques. It is also a great place for socializing - seeing old friends and making new ones. There will be many opportunities to let people know who you are and what you have to offer. At the Annual Meeting, you can count on reaching the best of the region's tree care professionals.

THE FACILITY

Aqua Turf is among the finest meeting facilities in Connecticut. Their reputation for providing attendees with excellent food and service is well deserved. The separation of the meeting and exhibit areas allows exhibitors to meet old friends and make new ones, and not interfere with the ongoing workshops.

THE PEOPLE

While CTPA organizes and hosts the meeting, non-members are definitely welcome. Attendance has topped 800 in 3 of the last 4 years. These are attendees involved in all phases of tree care and come with a desire to stay on top of changes in the field. The trade show is a meeting highlight that attendees look forward to each and every year.

This is a buying show!
