The CTPA is the oldest association of its kind in the United States. Established in 1922, the CTPA is dedicated to the advancement of arboriculture by promoting research, encouraging the practice of proper arboricultural methods, and fostering the exchange of scientific and general information pertaining to arboriculture.

The CTPA is suggesting people attending the summer meeting adhere to the COVID-19 guidelines put in place by the State of Connecticut at the time of the meeting. All the sessions will be taking place outdoors so please look for the signs for you to attend all four sessions. We look forward to seeing you in person again!!!

CTPA - Summer Meeting

July 15, 2021, 8:30 am to 4:00 pm

The Farmington Club, Farmington, CT

Organized August 16, 1922

Education Concurrent Sessions

8:30 am - Registration

Stationary Rope Technique (SRT). by Casey Tresp and Ben Karlson, Bartlett Tree Experts, Simsbury, CT

Stationary Rope Technique (SRT) is a climbing system in which the rope adjustment device moves along the rope allowing ascending and descending on a single stationary part of rope. This presentation will talk about the advantages and disadvantages of this system as well as give demonstrations. This is a great opportunity to brush up on skills you already have or to learn something new!

9:00 - 10:15 am; repeated at 1:00 - 2:15 pm

Walking Tours

10:30 - 11:45 am Invasive Plants Walk. by Rose Hiskes, CT Agricultural Experiment Station, Windsor, CT

Take a walking tour of invasive plants commonly found on CT properties with an expert. Learn how to identify these aggressive weeds, how they impact trees and landscape and management options to keep them at bay.

2:30-3:45 pm Tree Identification Walk. by Dr. Jeff Ward, CT Agricultural Experiment Station, New Haven, CT

Join Dr. Ward for a walk around the Farmington Club property to get back to basics and identify trees.

Tickets will be sold throughout the day for donated raffle prizes to benefit the Oscar P. Stone Research Fund.

Ten Great Trees from a Nurseyman's Point of View. by Darryl Newman, Planter's Choice Nursery, Watertown, CT

Darryl Newman will discuss ten trees that are great for arborists and workers in the green industry. These trees all score high marks for aesthetics, longevity, and ease of care both in production as well as in the cultivated landscape. Many of these trees will be highlighted as viable substitutions for other trees that prove difficult to produce, harvest and/or establish in the landscape.

9:00 - 10:15 am; repeated at 1:00 - 2:15 pm

Insects, Diseases and Drought in CT. by Connecticut Agricultural Experiment Station, New Haven, CT

Five scientists from the CT. Agricultural Experiment Station will be stationed at five tables to give talks and hands-on exhibits. Included will be Southern Pine Beetle, Spotted Lantern Fly, LoneStar Ticks, Beech Leaf Disease and the impact of drought on Arborvitae. Visit each table to learn about these important topics.

10:30 - 11:45 am; repeated at 2:30 - 3:45pm

3:45 pm - Adjourn - CEU Certifications Available

Menu

Morning: Coffee & Danish; Clam Chowder; Chili

Lunch: Steamship Round of Beef; Baked Ham; Chicken; Sausage & Peppers; Corn on the Cob;
