

Pre-registration is on or before July 15, 2022. Late registrants and walk-in attendees will be charged extra - an additional \$15.00 over pre-registration rates for members and non-members.

The CTPA is the oldest association of its kind in the United States. Established in 1922, the CTPA is dedicated to the advancement of arboriculture by promoting research, encouraging the practice of proper arboricultural methods, and fostering the exchange of scientific and general information pertaining to arboriculture.

The CTPA is suggesting people attending the summer meeting adhere to the COVID-19 guidelines put in place by the State of Connecticut at the time of the meeting. All the sessions will be taking place outdoors so please look for the signs for you to attend all four sessions. We look forward to seeing you in person again!!!

July 21, 2022, 8:30 am to 4:00 pm
The Farmington Club, Farmington, CT

Education
Concurrent Sessions

Organized August 16, 1922

8:30 am - Registration

9:00 - 10:15 am, repeated at 1:00 - 2:15pm (choose one in each time slot)

Beech Leaf Disease (BLD) and Boxwood Blight. by Matthew Borden, Ph.D., Plant Pathologist, Bartlett Tree Research Lab, Simsbury, CT - This presentation focuses on Beech Leaf Disease and Boxwood Blight. Dr. Borden will touch on the cause and control along with current research and management recommendations.

Hazard Tree Assessment and Risk Mitigation for Field Employees, Emmett Shutts, Davey Tree Experts and Casey Tresp, Bartlett Tree Experts - When working on or near trees that present a high risk of failure, field employees need to make informed decisions whether it is safe to proceed with the work. Casey and Emmett will give guidance on how to make these decisions and on critical techniques to make work safer.

10:30 - 11:45 am, repeated at 2:30 - 3:45pm (choose one in each time slot)

What is Currently Harming Our Trees? by Rich Cartier, Rainbow Treecare Scientific Advancements, Minnetonka, MN - Today's talk will cover the most common issues on landscape trees in 2022 as well as newly emerging pests to be aware of. It will cover various control options for these issues as well as what results to expect.

Milling Wood from Backyard Trees, by Tom Worthley, Associate Extension Professor UCONN, Storrs, CT - Tom will present basic log making and lumber making, log and lumber grading, sawing techniques and lumber drying considerations. He will cover basic, portable sawmill design and operating procedures as well as provide information about marketing, products, and the relative value of different species of wood.

****NEW** 10:00 am - 11:15am Safety Talk presented in SPANISH for all attendees.**

(Session NOT repeated)

The Incidental Line Clearance and Qualified Line Clearance Arborist - What is the difference? by Leo Roldan, SavATree - Regulations and standards for tree operations in the vicinity of electric conductors have changed. Work Rules and minimum approach distances vary based on experience and training of the tree worker as well as other factors. This session will cover the key differences and what standards apply to you.

3:45 pm - Adjourn - CEU Certifications Available - **During the course of the day, there is only a potential to attend 4 talks. Therefore, the number of CEU's will not exceed 4 talks.

Morning: Coffee & Danish; Clam Chowder; Chili

Lunch: Steamship Round of Beef, Baked Ham, Chicken; Assorted Salads, Vegetables, Boiled Potatoes

Afternoon: Hot Dogs & Hamburgers; Ice Cream - All are Invited to Use the Outdoor Pool!
